3. RESPONSIBILITY

All employees, officers, directors and contractors of the Company (**BCI Employees**) must be aware of the existence of this policy and be familiar with its terms so they report potentially market-sensitive information to the appropriate persons within the Company, and can assist with maintaining confidentiality around commercially sensitive information.

4. CONTINUOUS DISCLOSURE OBLIGATIONS

The general rule, in accordance with ASX Listing Rule 3.1, is that once the Company becomes aware of any information concerning it that a reasonable person would expect to have a material effect on the price of value or the Company's securities (**Market Sensitive Information**), the Company must immediately disclose that information to the ASX. Any material Market Sensitive Information must be disclosed to the ASX in accordance with this policy.

5. RESPONSIBLE OFFICER

The Managing Director and the Company Secretary are the Responsible Officers and are responsible for administering this policy, communication with the ASX and for making recommendations to the BCI Board on what should be disclosed publicly under this policy.

If the Responsible Officers are not available, any matters regarding disclosure should be referred to the Chairman of the Board.

Where a continuous disclosure matter arises, the Responsible Officers will inform the members of the Board about the matter and make a recommendation regarding disclosure.

If the Board decide to make an announcement, then the Responsible Officer will:

- a. circulate the proposed announcement to the Board, request feedback and/or approval of the proposed announcement as soon as practicable and ensure that the Board receives copies of all material market announcements promptly after they have been released;
- b. take such other steps necessary to comply with the Company's continuous disclosure obligations, including, if necessary, liaising with ASX to clarify the announcement or request a trading halt or suspension from trading; and
- c. ensure that any relevant parties named in the proposed announcement are given the opportunity to review the announcement prior to its release, to confirm all information is factually correct.

Where a continuous disclosure obligation arises, disclosure should not be delayed to accommodate the availability of members of the Board. In this case, the available members will make the decision, or alternatively the Responsible Officers could request a trading halt or suspension from trading until the full Board is available.

6. REPORTING OBLIGATIONS

Market Sensitive Information is to be publicly released through the ASX before it is disclosed to shareholders and market participants. Distribution of other information to shareholders and market participants is also managed through disclosure to the ASX. The importance of safeguarding the confidentiality of corporate information to avoid premature disclosure is paramount.

If the ASX considers that there is, or is likely to be, a false market in the Company's securities and asks the Company to give the ASX information to correct or prevent a false market, the Company will immediately give that information to the ASX. The Company will respond in that manner even if the Company considers that an exception to continuous disclosure obligation applies. All announcements (and media releases) must be:

- a. prepared in compliance with ASX Listing Rules continuous disclosure requirements;
- b. factual and not omit material information; and
- c. expressed in a clear and objective manner to allow investors to assess the impact of the information when making investment decisions.

7. COMMUNICATION IN BLACKOUT PERIODS

During the Blackout Periods (as defined in the Company's Share Trading Policy) further restrictions are imposed to help ensure that the Company does not inadvertently disclose Market Sensitive Information. Only the Managing Director or Chief Financial Officer may respond to questions from the financial community or shareholders during Blackout Periods.

8. OTHER DISCLOSURE OBLIGATIONS

The Company has numerous other disclosure obligations under Chapter 3 and Chapter 5 of the ASX Listing Rules, including disclosure obligations in relation to changes to the Company's share capital, general meetings of the Company, the Company's registered office and share register, changes in officeholders, documents sent to shareholders, ownership limits, directors' interests, record dates and timetables and quarterly activities reporting.

The Responsible Officers are responsible for ensuring that necessary disclosures are made as and when required.

9. BREACH OF POLICY

The Company regards its continuous disclosure obligations as very important. Breach of this policy may lead to disciplinary action being taken against the employee, including dismissal in serious cases.
